Portfolio

Summary

Result-driven Full-Stack Software Engineer with expertise in building scalable web and mobile applications using the MERN stack (MongoDB/MySQL, Express.js, React.js, Node.js) and React Native. Proven track record of optimizing backend APIs for 35% faster response times, architecting monorepos to cut compilation overhead by 40%, and deploying robust mobile applications to the Google Play Store with automated CI/CD pipelines.

TECHNICAL SKILLS

Frontend Development :	React.js, React Native, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Material UI, Chakra UI
Backend Development :	Node.js, Express.js, RESTful APIs, PHP
Databases :	MySQL
DevOps & Tools:	Git, GitHub, Docker, GitHub Actions (CI/CD), Vercel, DigitalOcean, Netlify, Render

WORK EXPERIENCE

Radical Global | Full-Stack Developer | Sep 2024 – Present

- Mobile Deployment:** Successfully launched 4+ feature-rich React Native mobile applications on the Google Play Store, ensuring seamless submission and multi-device compliance.
- CI/CD Automation:** Optimized deployment workflows using GitHub Actions for continuous integration, maintaining over 95% crash-free production sessions.
- Backend Optimization:** Spearheaded the development of scalable RESTful APIs using Node.js and Express.js, achieving a 35% improvement in response time through database query optimization.
- Database & Scale:** Engineered robust systems utilizing Express.js and MySQL tailored to securely handle spikes of 1,000+ concurrent users.

ITXN Platform Pvt. Ltd. | ReactJS Development Intern | Nov 2023 – May 2024

- Architecture Optimization:** Architected highly efficient monorepo structures for 2+ core React.js projects, reducing build compilation times by 40% and enhancing maintainability across 15+ reusable components.
- UI/UX Enhancement:** Designed and implemented responsive web interfaces for banking enterprise software, boosting user engagement by 15% and lowering bounce rates by 12%.

Radical Global | Web Development Intern | Mar 2023 – Jun 2023

- Full-Stack Development:** Developed a comprehensive, highly responsive web application using HTML, CSS, Bootstrap, JavaScript, PHP, and MySQL, maintaining a consistent 98% runtime uptime.
- Security & Auth:** Established secure backend authentication protocols integrated tightly with the frontend, enabling safe, seamless client-server interaction for 500+ daily active users.

PROJECTS

Tour Management System | [Live Link](#) | [Source Code](#)

- Tech Stack:** React.js, Node.js, Express.js, MySQL, Vercel
- Implemented secure, industry-standard JWT authentication coupled with bcrypt password encryption, successfully reducing potential security vulnerabilities by 80%.
- Built a highly scalable, fully responsive application frontend, achieving sub-2-second page load times and ensuring 99.9% availability on production.
- Integrated transactional booking features that drove a 20% surge in customer tour reservations within the first 30 days of launch.
- Engineered a direct customer-to-guide contact system, maximizing successful tour alignments by 20%.

Challenges Web App (Multi-Language Coding Platform) | [Live Link](#) | [Source Code](#)

- Tech Stack:** React.js, Chakra UI, Node.js, Express.js, MySQL, Docker, Vercel
- Built an interactive code-tracking and challenge web application supporting 5 programming languages, reliably serving 200+ monthly active developers.
- Containerized both frontend and backend microservices using Docker, guaranteeing an identical development environment across a team of 3+ developers.
- Deployed robust, automated email-based authentication utilizing short-lived JWT tokens, achieving a flawless 99% login success rate.
- Leveraged modern, responsive UI design frameworks, increasing average user session duration by 40%.

EDUCATION

MCA (Master of Computer Application) | 6.3 CGPA

G.H. Raisoni College of Engineering, Amravati | 2021 – 2023

B.C.C.A. (B.Com. Computer Application) | 6.4 CGPA

Kamla Nehru Mahavidyalaya, Nagpur | 2017 – 2021
